Ms. Linda S. Parks has no required disclosures under this item.

Item 4 Other Business Activities

Linda S. Parks is a CPA of Linda Parks CPA, a certified public accounting firm. Clients of our firm may also be clients of Linda Parks CPA. The services provided and compensation received by Ms. Parks and Linda Parks CPA for accounting related activities are separate and distinct from any fees paid for advisory services provided by our firm. While we believe that Linda Parks CPA's fees are competitive, such fees may be higher than those charged by other firms providing the same or similar services.

Linda S. Parks is dually registered as an Owner/Investment Advisor Representative of Linda Parks Financial Advisor, LLC, an unaffiliated Registered Investment Advisor with the State of Oregon. Linda Parks Financial Advisor, LLC is in the process of transitioning all of its existing client relationships to Forum and anticipates that it will withdraw registration and no longer provide investment advisory services once the transition is complete. During this transition, when appropriate, Ms. Parks may recommend that you use the investment advisory services of Linda Parks Financial Advisor, LLC. If you utilize the advisory services of Ms. Parks through Linda Parks Financial Advisor, LLC, she may receive additional fees or other compensation in her capacity as an investment advisor representative. These fees would be in addition to any fees charged for the advisory services provided through Forum Financial Management, LP.

Ms. Parks' outside business activities present a conflict of interest because Ms. Parks may have an incentive to recommend tax and accounting services to you for the purpose of generating fees.

Please refer to Part 2A of Form ADV: Firm Brochure, Item 10, Other Financial Industry Activities and Affiliations, for complete disclosure of the above referenced Investment-Related Activities.

Item 5 Additional Compensation

Item 6 Supervision

Forum has implemented a Code of Ethics and an internal compliance program that guides each associated person in meeting their fiduciary obligations to clients. Advice provided to clients is directed by Forum's investment philosophy. The firm monitors the advice given to Forum's advisory clients by its advisors in the following ways:

1. an initial review of the asset allocation for a new client as compared to the client's risk tolerance and investment objectives;
2. periodic reviews of a random number of the advisor's client files in order to provide reasonable assurance that the advice provided by the advisor to his or her clients is consistent with the client's stated investment objectives and Forum's policies and procedures, and
3. in-person or telephonic meetings with advisors to review client activity.

Moreover, on at least an annual basis, Forum offers training to each of its advisors to cover investments, new products, and related compliance concerns.

Linda S. Parks is supervised by Faye H. Nybo, Director of Supervision. Ms. Nybo can be reached at (630) 873-8503 or fnybo@forumfin.com.

Certifications: CFP®, CPA

CERTIFIED FINANCIAL PLANNER™ (CFP®)

I am certified for financial planning services in the United States by Certified Financial Planner Board of Standards, Inc. ("CFP Board"). Therefore, I may refer to myself as a CERTIFIED FINANCIAL PLANNER™ professional or a CFP® professional, and I may use these and CFP Board's other certification marks (the "CFP Board Certification Marks"). CFP® certification is voluntary. No federal or state law or regulation requires financial planners to hold CFP® certification. You may find more information about CFP® certification at www.cfp.net.

CFP® professionals have met CFP Board's high standards for education, examination, experience, and ethics. To become a CFP® professional, an individual must fulfill the following requirements:

Education - Earn a bachelor's degree or higher from an accredited college or university and complete CFP Board-approved coursework at a college or university through a CFP Board Registered Program. The coursework covers the financial planning subject areas CFP Board has determined are necessary for the competent and professional delivery of financial planning services, as well as a comprehensive financial plan development capstone course. A candidate may satisfy some of the coursework requirement through other qualifying credentials.

Examination - Pass the comprehensive CFP® Certification Examination. The examination is designed to assess an individual's ability to integrate and apply a broad base of financial planning knowledge in the context of real-life financial planning situations.

Experience - Complete 6,000 hours of professional experience related to the personal financial planning process, or 4,000 hours of apprenticeship experience that meets additional requirements.

Ethics - Satisfy the Fitness Standards for Candidates for CFP® Certification and Former CFP® Professionals Seeking Reinstatement and agree to be bound by CFP Board's Code of Ethics and Standards of Conduct ("Code and Standards"), which sets forth the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements to remain certified and maintain the right to continue to use the CFP Board Certification Marks:

Ethics - Commit to complying with CFP Board's Code and Standards. This includes a commitment to CFP Board, as part of the certification, to act as a fiduciary, and therefore, act in the best interests of the client, at all times when providing financial advice and financial planning. CFP Board may sanction a CFP® professional who does not abide by this commitment, but CFP Board does not guarantee a CFP® professional's services. A client who seeks a similar commitment should obtain a written engagement that includes a fiduciary obligation to the client.

Continuing Education - Complete 30 hours of continuing education hours every two years to maintain competence, demonstrate specified levels of knowledge, skills, and abilities, and keep up with developments in financial planning. Two of the hours must address the Code and Standards.

Certified Public Accountant (CPA)

CPA's are licensed and regulated by their state boards of accountancy. While state laws and regulations vary, the education, experience and testing requirements for licensure as a CPA generally include minimum college education (typically 150 credit hours with at least a baccalaureate degree and a concentration in accounting), minimum experience levels (most states require at least one year of experience providing services that involve the use of accounting, attest, compilation, management

advisory, financial advisory, tax or consulting skills, all of which must be achieved under the supervision of or verification by a CPA), and successful passage of the Uniform CPA Examination. In order to maintain a CPA license, states generally require the completion of 40 hours of continuing professional education (CPE) each year (or 80 hours over a two year period or 120 hours over a three year period). Additionally, all American Institute of Certified Public Accountants (AICPA) members are required to follow a rigorous *Code of Professional Conduct* which requires that they act with integrity, objectivity, due care, competence, fully disclose any conflicts of interest (and obtain client consent if a conflict exists), maintain client confidentiality, disclose to the client any commission or referral fees, and serve the public interest when providing financial services. The vast majority of state boards of accountancy have adopted the AICPA's *Code of Professional Conduct* within their state accountancy laws or have created their own.
